

CURRICULUM VITAE
R. Gregory Evans

Education

- 1970 B.A. Hofstra University, Hempstead, NY
1974-1976 Study and research in circulatory and cardiopulmonary physiology, Institute of Human Physiology, Academy of Medicine, Warsaw, Poland
1981 M.P.H., Department of Community Health, Saint Louis University, St. Louis, MO
1986 Ph.D. in Health Services Research, Center for Health Services Research, Saint Louis University, St. Louis, Missouri; Substantive Minor, Epidemiology

Work Experience

- 2012-pres Professor and Dean, Jiann-Ping Hsu College of Public Health
2012-pres Professor Emeritus, Saint Louis University School of Public Health
2008-2012 Director of Distance Learning, Saint Louis University School of Public Health
2005-2012 Director, MS in Biosecurity and Disaster Preparedness program, Saint Louis University School of Public Health
2000-2012. Director, Institute for Biosecurity, Saint Louis University School of Public Health
2002-2012. Professor of Environmental Health, School of Public Health, Saint Louis University
2009-2011 Chair, Department of Community Health, Saint Louis University, School of Public Health
1992-2002 Director, Division of Environmental and Occupational Health, Saint Louis University School of Public Health
1989-pres. Associate Professor of Community and Family Medicine (secondary), Saint Louis University Medical School,
1994-1997 Associate Dean, Saint Louis University School of Public Health
1993-1994 Acting Chair, Department of Community Health, Saint Louis University School of Public Health,
1988-2002 Associate Professor of Environmental Health, School of Public Health, Saint Louis University
1987-2012. Associate Research Professor of Medicine (secondary), Department of Medicine, Saint Louis University Medical School
1986-1988 Assistant Professor of Community Health, Center for Health Services Education and Research, Saint Louis University
1981-1986 Instructor in Community Health, Center for Health Services Education and Research, Saint Louis University
1976-1981 Instructor in Medicine and Administrator, Department of Cardiology, Saint Louis University School of Medicine

- 1973-1974 Research Associate, Department of Medicine, The St. Vincent Hospital, Worcester, MA
- 1970-1973 Research Assistant, Cardiopulmonary Department, St. Vincent's Hospital and Medical Center, New York, NY

Teaching

Saint Louis University School of Public Health: Environmental and Occupational Health, Introduction to Epidemiology, Clinical Concepts, Social Behavioral Aspects of Health, Health Care Organization, Environmental and Occupational Epidemiology, Cases in Environmental and Occupational Health, Epidemiological Methods and Infectious Disease Surveillance, Behavioral and Cultural Aspects of Disasters, Public Health and Disasters, Facing the Challenges of International Bioterrorism

Saint Louis University School of Medicine:

Biostatistics and Epidemiology, Preventive and Social Medicine

Missouri Department of Health:
Fundamentals of Environmental Epidemiology, Community Environmental Assessment, Epidemiology of Bioterrorism

Active Memberships

American Public Health Association
Boys and Girls Club of Bulloch County, Member of Board
Willingway Hospital Foundation, Member of Board
Editorial Board of the Albanian Medical Journal

Past Memberships

ACSH New York City Advisory Council on Health Priorities
National Advisory Committee, Columbia University Center for Public Health Preparedness
Missouri Department of Health and Senior Services Advisory Board on Communicable Disease and Bioterrorism
Saint Louis Department of Health Board Membership

Manuscript Review

Journal of Environmental Health
Bulletin of Environmental Contamination and Toxicology
Academic Medicine
Journal of Healthcare Management
Biosecurity and Bioterrorism
Albanian Medical Journal

Research

- 2007-2009 Principal Investigator, Kink Pharmaceuticals, Development of educational material on nerve agent antidote
- 2006-2007 Principal Investigator, Roach Pharmaceuticals, Development of Avian Flu Plan for Prisons and Jails.
- 2005-2006 Principal Investigator, Health Resources and Services Administration, Curriculum Development for Bioterrorism.
- 2003-2005. Principal Investigator, Centers for Disease Control and Prevention, Development of Smallpox Scenarios for State and Local Health Departments
- 2002-2005. Co-Principal Investigator, Centers for Disease Control and Prevention, Pre-event Messaging for a Bioterrorism Event
- 2000-2005. Principal Investigator, Centers for Disease Control and Prevention, Bioterrorism grant for a Center for Public Health Preparedness
- 1997-1999 Principal Investigator, Environmental Protection Agency, Environmental Justice grant for Environmental Hazard's Conference for Metropolitan St. Louis
- 1997-1999 Principal Investigator, City of St. Louis, Health Assessment of Underserved Communities in the City of St. Louis
- 1997-1999 Principal Investigator, Environmental Protection Agency, Training of Lead Abatement Workers
- 1997-2002 Principal Investigator, Centers for Disease Control and Prevention, Primary Prevention of Lead Poisoning in Children
- 1997-2001 Principal Investigator, Housing and Urban Development Grant, Interventions to Prevent Childhood Lead Poisoning in a Mining Area
- 1995-1999 Principal Investigator, Agencies for Toxic Substances and Disease Registry and Missouri Department of Health Times Beach Dioxin Incinerator Exposure Study,
- 1995-1996 Co-Principal Investigator, National Heart, Lung, and Blood Institute, School Based Asthma Intervention Project
- 1995-1997 Co-Principal Investigator, Agencies for Toxic Substances and Disease Registry and Missouri Department, Big River Lead Exposure Study.
- 1994-1997 Co-Principal Investigator, Centers for Disease Control, Lead Exposure Study in Day Care Centers.
- 1993-1997. Principal Investigator, Environmental Protection Agency and Missouri Department of Health, Regional Lead Training and Community Education Grant
- 1991-1995 Co-Principal Investigator, National Institute of Allergy and Infectious Disease, St. Louis Inner-City Asthma Project
- 1991-1994 Principal Investigator, Missouri Department of Health and Agency for Toxic Substances and Disease Registry, Epidemiological and Medical Study of Lead Poisoning
- 1991-1993 Principal Investigator, Missouri Department of Health and Agency for Toxic Substance and Disease Registry, Professional Continuing Education Concerning Lead Poisoning in Jasper County Missouri

- 1989-1993. Principal Investigator, Missouri Department of Health and Agency for Toxic Substance and Disease Registry, Serum Chlordane Study
- 1986-1987 Principal Investigator, Missouri Department of Health and Centers for Disease Control, Quail Run Dioxin Follow-up Study
- 1986-1987 Co-Principal Investigator, Missouri Department of Health and Centers for Disease Control, Medical Evaluation of Individuals with Concurrent Adipose Tissue Samples for Dioxin
- 1985-1986 Co-Principal Investigator, Missouri Department of Health and Centers for Disease Control, Quail Run Dioxin Study
- 1984-1986 Co-Principal Investigator, St. Louis Heart Association Grant "High Blood Pressure in High Risk Populations"
- 1978-1981 Co-Principal Investigator, NIH Multi-Institutional Study "Characterization and Evaluation of Animal Models for Use in the Assessment of Therapy to Protect Ischemic Myocardium", Saint Louis University Medical School
- 1976-1980 Project Director, NIH Contract "Clinical Investigation of Techniques to Protect Ischemic Myocardium and Minimize Infarct Size", Saint Louis University Medical School
- 1971-1986 Project Director, Triborough Bridge and Tunnel Authority Research Project, New York, NY
